## Track Length: 1.5-Mile Oval
Laps: 248 | Distance: 372 Miles

### Fast Fact

The state of Texas is home to the Bridgestone Americas Texas Proving Ground, where the company tests tires of all kinds— including race tires— on tracks that mimic highways, city streets and other driving surfaces. Both wet and dry testing can be conducted at the site, which also has obstacles such as rumble-strips, potholes and curves to simulate a variety of driving conditions.
